

## Media Data Stubenhocker

*Stubenhocker* is the magazine for educational stays abroad. It addresses teenagers and young adults, interested in spending some weeks or months far away from home. The magazine consists of the following eight subject categories: High School, Language Courses, Au Pair, Voluntary Services, Jobs & Internships, University Studies, Work & Travel and Querweltein. Returnees write articles about their personal impressions and experiences abroad. Advertorials, company presentations, and the section “Figures – Facts – Advice” at the beginning of each subject category provide the reader with vital information for the preparation of their time abroad.
